Driver's License Requirements and Procedures

Additional Clearances

If you are under treatment for alcohol or substance abuse, you are required to have a medical clearance to obtain a driver license.

If you have a medical condition which may affect your fitness to drive safely, you are required to submit a Medical Report for review by the Medical Advisory Board. The Medical Report form is available at all Driver License locations, Satellite City Halls and at <https://www.honolulu.gov/rep/site/csd/onlineforms/csd-medical-report-form-fillable.pdf>

For Class 4 (non-CDL) applicants, a medical examination long form (DOT 4-766) may be required if the Division of Motor Vehicles does not have a valid form on file at the time of license renewal or replacement
